Subject: HB 4192

Dear Legislators:

I understand that there was a hearing for HB 4192 earlier today. I also understand that this bill proposes to repeal the Common Core State Standards for Michigan and replace them with the 2008 Massachusetts State Standards. As the 2008 MA standards are no longer in use and as MI has made a deep commitment to CCSS, I think this would be a foolhardy move.

Please withdraw this bill and work with educators in the state to ensure that all children in our state receive high quality education.

Sincerely,
Susan C. Griffith
